Report on Avishkar Convention 2019-2020

The Avishkar Research Convention is designed by Department of Students' Development, University of Mumbai, with the intention to develop a research culture and scientific temper among the students, scholars and teachers from under-graduate to doctoral level in the state of Maharashtra. The activity also aims at helping to develop skill, review new dimensions of explored areas of knowledge as well as the unexplored areas of enquiry. It is a collective responsibility to sensitize the students and teachers about the convention and build confidence among them to venture into research.

The 2019-2020 Avishkar convention was held in Dr. Tatyasaheb natu college of Arts and Senior Commerce, Margatambhane, Chiplun. Our college has participated in this convention with 3 projects of Science Category and 2 projects of Commerce category. Our students performed best in the Poster presentation.

Some points that has to be taken into consideration:

- 1) Topic selection - While selecting topic deep study of topic should be done. Student should read plenty of IEEE Research papers regarding the topic. They should check if any project is already available on Internet.
- 2) Title selection- While selecting title the same named title should not be there on Internet.
- 3) Communication Skill of Students.(Concentration required towards the language of communication of the student)
- 4) Presentation Skill, Confidence and presence of mind.(All these skills requires improvements)
- 5) While designing PPT presentation we should not paste data in paragraphs. Only topics names should be displayed on slides and explanation will be given by students.
- 6) The large number of slides are not expected but the slide should contain appropriate data and data in tabular form should be visible to the viewers.
- 7) The Idea should be Social and beneficial to Society.
